

## Doris Anne (Bradley) Barnsley

December 6, 2016

Doris was born in Rockport, MA to the late Major William and Edith (Koch) Bradley. Her family later relocated to Townsend, MA. She attended multiple high schools as her father changed stations with the Army.

After high school, she was a Barbizon modeling school student in NYC, then went to Fitchburg State Teachers college and became an elementary school teacher. She was a proud Marine wife, fierce mama bear to their four sons, and loving Nana to their nine grandchildren.

She was a dedicated and capable DIYer, making every house they lived in a home, and repurposing everything in typical frugal Yankee fashion. She loved dancing and enjoyed looking at Dancing With the Stars. Her ancestors helped found Gloucester, Massachusetts in the 1630s, and she was excited to be a member of the Cahokia Mound Chapter of Daughter of the American Revolution. She loved dogs and was a steady supporter of a local animal rescue league. She made the best fish chowder on the planet. She had a wicked smart sense of humor, a girlish giggle, and a smile to light up a room. She never missed a birthday, anniversary or special occasion. Above all, her sons and her grandchildren were her life.

She is survived by four sons: William of Sturbridge, MA, Kerry of Concord, NH, Brian of Swansea, IL and Kevin of NYC, NY, nine grandchildren and numerous nieces and nephews.

“ Hei! Som ivrig leser av bloggen din og venninne av Rikke, tillater jeg meg n&#195;&#165; endelig &#195;&#165; legge igjen en kommentar og si at jeg ler meg fillete av mye av det du skriver! Det er deilige latteravbrekk i en ellers rotete og masete hverdag :) Og s&#195;&#165; m&#195;&#165; jeg fortelle at jeg har verdens fineste kj&#184;ep&#195;skalmagnet med f&#195;&#184;lgende tekst: "Cleaning the house while the kids are still growing is like showeling snow while it is still snowing". Ergo - jeg skal ikke rydde f&#195;&#184;r om ca. 15 &#195;&#165;r...

“ My condolences to the entire Barnsley Family. As I feed the birds each morning (in what has to be the strangest bird feeder on earth) I think of Doris Barnsley; just as when I sit at my 18' long, cockpit style loft desk, I think of Major Barnsley. Rest assured that the birds and occasional Sturbridge brown bear will continue to be fed for as long as I am able to sit at the desk ... just as they were fed by Doris Barnsley for the past quarter century! Peace to all, Rick Hilliard

“ To the sons of Dorie Barnsley. I am very sorry to hear of the death of your mother. I remember her well as a very active positive contributor to Exeter High School as staff member and parent.
