“ Paul was one of my classmates at Maine. It was always great fun to be around Paul. Later I became one of his customers. He was passionate about his products and always first in the door with new or improved technology. He truly cared about the success of his customers. I last saw him about six years ago after a twenty year gap. It was like I just saw him yesterday. We caught up and relived some good times. My thoughts and prayers are with his family.

“ My sincere condolences to Paul’s family. I was one of Paul’s customers and worked with him for many years. I will always remember his infectious enthusiasm for technology. A smile would come over his face as he dug down into the details of the technology and predicted what it could become in the future. He was always energetic, full of enthusiasm and positive. Once he started on a subject he could talk your ear off. I will miss Paul.

“ A great trip with a great guy. A group of friends with Paul Collette on the Allagash river a long time ago.

Paul was a special person. Worked his hind end off to make his projects work. Smart and clever! Honest to a fault, and always fun. He had an amazing sense of humor.

I know he loved his family and treasured his grandchildren. I am so sorry he didn't get more time to enjoy them.

Rest in peace Paul

“ Uncle Paul, I am never going to forget your incredible smile, witty sense of humor, and how much you supported me. Your voice was so captivating when you would share your stories. No matter how long they were, I sat there listening to every word. Just your presence could light up a whole room. I always had to be careful when you would tell me one of your abundance of facts, I could never tell if they were real or not. Whether Mica was the most valuable rock in the world (Fake, still believed it) or when you told me the scientific name of every fish in the Woods Hole aquarium, (Real, blew my mind). You are one of the most supportive people I have ever come across. You came to my music gigs, basketball games, and so much more. I am not the only one, you also went to ALL of your children and grandchildren's events. There is a reason they are so athletic and friendly, look at their roots. I will never forget that day in Falmouth when you and I sat on the couch watching sports and just enjoying life. We are so lucky to share our lives with you. You have not only made my father a better man, you have had a major impact on me. Don't make God laugh too much. I love you so much.

He's always been the ultimate gentleman as well as a great husband, father and grandfather! Too short of a time on this earth for such a wonderful man.
