“ So sorry to hear of Pauls' recent passing. He and I went to Northeastern and both worked at Concord PD at the same time. We both had successful careers as Chiefs, he in Shirley and myself in Pepperell. We'd often talk about our experiences and concerns as Chiefs and I admired his compassion and professionalism. He was a good friend and has left us far too early. Alan Davis, Retired, Pepperell PD

“ Paul ~ Chief ~ Friend

You will always be The Chief to me. It was such a pleasure working with you for 22 years as your assistant and most importantly for being a friend to me & my family for 32. You were the best boss anyone could have had. A good boss will provide his workers with the autonomy necessary to create their own ideal working conditions; that was Chief Thibodeau. You will be so missed, my friend. Heaven has truly gained an awesome angel. RIP Chief.

“ So sorry to hear the news of Paul's passing. My parents and Paul's parents were inseparable for many, many years. I recall spending so much time at the Thibodeau house that Paul was like another brother to me. When we were young we were constantly together playing baseball, or football or spending time at Coolidge Park. I remember when he fell in love with Rosemary and it was clear he had found his soulmate. He got to spend 43 wonderful years with her and that is beautiful! Paul was my friend from the first grade through graduation from high school. I lost touch with Paul when I moved to the west coast but always recalled the great friendship and all the fun we together over the years.

I was sorry to hear of his passing but happy to know he had such a beautiful and loving family.

My condolences

“ Dear Rosemary, Jeff & Steve;

In 1987, just after he was promoted to Chief, Paul hired me as a patrolman. I knew right away, I was working with a professional Chief that demanded nothing but the best from his officers. Chief Thibodeau, certainly cared for his officers, he had an open door policy, but more so he was a real working Chief, he patrolled right along next to us and was an advocate of the walking beat. I could see first hand how the citizens respected him, but more over he loved being their Chief. He had a particular way of communicating to his officers. If you were addressed by a nickname he gave you, it was a good day, however if you got a let's go for a ride, it was like "Oh boy what did I do?" He came to visit me in the Hospital in 2002, I was so happy to see him, but obviously I couldn't speak, due to the breathing tube. I had a bad week with backing into the new Patrolman's car with the new Sergeants car, he told me to get well quickly, because when you get out of here your going to driver training. The part of having to retire early bothered me more knowing that I wasn't going to be a part of his trusted staff anymore. He was the best Chief a Cop could have. Rest well Chief, you've certainly earned it.

God Bless You All

“ Dear Rose and Family:

In 1985, Paul became my sergeant and, soon thereafter, my chief at the Shirley P.D. He was the most well-rounded leader, as he was firmly grounded in common sense. As chief, he kept the rank-and-file insulated from the strife so often associated with small town politics, generated both from within the police department and from without. Unfortunately, this meant that Paul absorbed the stress associated with such grief, alone. But, that's what excellent leaders do for their troops. It allows the rank-and-file to do their jobs to the very best of their respective abilities.

Early on in my life, I learned that there were leaders that you would follow unquestioningly down the barrel of a cannon, while there were others that you wouldn't follow into the water at the beach. Paul was of the former breed! His intellect and grand sense of humor helped keep him sane in an often insane line of work and, in the end, this helped us all to perform well. What a wonderful person he was!

Although I have not seen Paul for some time, I know that I will miss him forever. May God keep and hold you all close during this most terrible time.

Respectfully and Fondly,

Brian and Kate Knuuttila
