“ Al was fantastic. I could call him up in the morning and he would be right there. He was the greatest electrician I could ever find. He was more than electrician. He was a friend he did all the electrician in my house. He knew when I was going through a hard time he would give me a hug and say we're all set for the day. I'll catch you later. it was great to have a good friend. You'll be so missed.. he knew all the electrician in my house. He was the best. Where am I gonna find another electrician like him? I was so sorry to hear about his passing. I know how much he love to go to Maine. Maine was my favorite place too. know that you will hold a special place in my heart.
