PS

“ *My deepest condolences to Mr. Kish's family.*

I knew Whitey a long time ago, when I was the Student Representative to the Nashoba Valley Technical High School Committee, and Whitey, of course, was a long time member.

He was very dedicated to making the school a better place for all students, and he was a very kind and gracious man whom I have always remembered fondly.

Everyone who knew and had the privilege of working with Whitey liked him, and we are all better off because our lives intersected with his.

Thank you Phyllis for your kind words. I was a student representative on my town's school committee board as well. My Grandfather loved being involved with Nashoba. I am sure you made just as much of an impact in his life, as he did yours.
