“ I worked at the Hazen Memorial Library in Shirley, MA from my teens until my 20's and was so gifted to get to work with and know Barbara. I have never met another woman who was such a firecracker of personality and character. It took me a few years to appreciate her humor and sarcasm, which is why we ended up getting along so well, getting into shenanigans around the building and sharing inside jokes and jabs at each other. She has always been in my thoughts since leaving my employment at the library, and will continue to be in my thought. Rest in peace.
