“ As a kid growing up, I thought my father Shakey Bob Roberts was the best pistol shooter in the world. My father took me aside once while bragging about him and told me Chuck Taylor makes me a better shooter because he is that good.. Not only that but Chuck was a true gentleman and 25 years after my fathers death invited my family to Sabago Lake to visit. One of my favorite memories was visiting Chuck and Doreen and talking about the old days. Love to all the Taylors' in their loss of such a good man. Dale Roberts, Manistee Michigan

“ I didn't know until a few years ago that he and his flight crew flew to Area 51 for training. Of course I asked about the UFO's and the little green men. He just laughed and shook his head. I never did get an answer.....ha
