“ Oh man I'm devastated hearing this, I looked up to all the chase kids as my brother & sisters, I spent a lot of time at there house, when my mother would visit Roberta, or go over there on my own. Watching TV, just watching there every day life. I always felt as that was my 2nd home, & David watching him getting excited when he got the Heart record Barracuda, or me going over playing Atari, & when he gave me his old Karate suit that I still have to this day, tears fill my eyes he was a down to earth person as well as the Case sisters, & Roberta. A Genuine family that I'm glad to say I was a part of, I miss you all dearly I always think of you all in the back of my mind when times are very bad for me just to go back in time & get away from this crap world that messes with me everyday! I will never forget you all, & Roberta,David..RIP & I will see you on the other side.

“ My heart goes out to the entire Chase family. I just heard this sad news today and just feel awful. David was such a great guy ..funny and always had a way of making you laugh. This is clearly a family trait as all the Chases carry such a great sense of humor with them. To all of you Dayna, Robin, Kim ..my prayers will be with you all daily as you try and find a way to heal. MUCH LOVE and sympathy. Cindy Schick-Sullivan

“ Dayna, Robyn and Kim, Please know I thought the world of Dave. I don't know how the connection happened, but I managed to hang out at your moms house listening to Tom Petty and especially Heart's Dog and Butterfly song! Eating homemade Whoopie pies and trying vinegar on French Fries. Most of all sitting out back just talking. Dave was fun to be around and he had a tremendous sense of humor. Actually it's a family trait. I lost track of Dave in the late 80s. I used to call him to see if he would take a train ride to Harvard Square or something on any given Friday or Saturday night. I don't know , it's how I remember it all. I'm sad to know he's gone. God bless him and all of you. With my deepest condolences, Allison
