“ You helped shape me into the person that I am today. I am so very lucky to have had you by my side for 25 years. Sometimes I wonder how I'm going to keep going without hearing your voice all the time or being able to get one of your bear hugs or monkey bites but the Forrest way was to stand strong, look forward and keep going. I'll " see you in church on Sunday if the windows are clean." and I look forward to the day that we can hug and laugh together again. I love you papa.

Love, your oopie.
