“*Dave, you were funny and kind. I loved talking to you and getting to know you as I was checking out my groceries. You were the only one I went to and if you weren't there, who would I give a coffee to and talk to? I have missed you since you left there, and I will miss you now. I loved hearing about your life and your family. You were a wonderful, fantastic humorous, and old (like me) person, who got my sense of humor! Rest in peace, i still think of you often and I will continue to think of you.*
