“ Vi shared so many of her plants as it was time for them to be divided. Now there are gardens in many different places more beautiful because of this lady. Happy to call her friend. She will be missed.

“ I am so sorry to read this. She was so kind, so generous with her knowledge. I learned about Central MA Goat Rental from seeing the goats in her yard and this spring, we arranged to have the goats at REINGOLD school. more than 500 kids enjoyed watching the goats this spring for a week. I wouldn't have thought of this project without her example, encouragement and shared information. She was a treasure and condolences from my family for the loss of an extraordinary, visionary Fitchburg treasure.

“ Vi was an extraordinary woman, as you all know. She welcomed me to Fitchburg and helped me to understand its colonial heritage. Her smile and verve always made me feel energized and happy along with her. I know that her family meant everything to her. You are in my thoughts as you grieve her loss.
