Manny - we (who you have worked with part of your life) knew you were going to be a GREAT man with artistic skills. We loved your humor, your witty remarks, your ability to make people laugh (didn't matter if that person was different- you always made them laugh). Your body may be gone but your soul and love is in each one of us! We will embrace it and miss you. We will meet once again and I'll catch that smirk on your face as you think of a mischievous plan. Hugs - go be free!

You welcomed me into your life and shared your kindness, light and generosity with me. I'll always be grateful for your guidance. You've taught me so much that I will carry with me for the rest of my life. I'll always remember your smile/laughter. While I'll always miss you, I'll carry on what you've taught me.
