“ Nana, when our families merged, you took us in as if we were your own. It was nice to have a grandmother again even for a little while. My father spoke very highly of you. He knew how special you were and how tough you were. You watched out for him and he watched out for you. I can't ever thank you enough for that.

Linda, Sherri, Shelli and Jennifer - May your memories of Nana comfort you in your time of grief.

“ So sorry for the loss of nana, she was a very special lady in so many ways. I spent a couple of weeks up there with her son Robert meeting a lot the family I never knew I had. I enjoyed the stories she shared with me of my father and his brothers when they were younger and learning more of the family history, it made for one of the best summers of my life and even fonder memories that I still have to this day. Thank you so much for that, you will be missed.
