“ *I met Fred in 1978 when we worked together at Data General in North Carolina and we remained friends ever since. I was right out of tech school at age 20 when I started there and Fred took me under his wing. He was 33 at the time. I will always remember his jovial laugh and the kindness that he displayed towards me and others. He was a special friend and I will miss him dearly. My deepest sympathy to Anne, Denise and Michelle during this difficult time. I will keep you all in my prayers.*
