“ *Our condolences to Jim's mother and entire family. In Jim's obituary it is stated Jim was a Highly Skilled Machinist, in my opinion that is an understatement. We were fortunate to have had Jim as Shattuck Precision's first full time Machinist. Just out of Nashoba Valley Technical High School's Machining program Jim worked with us for over 6 years. Jim is rare find, his passion and drive in the machining industry was his strong points and he was fun and smart and became one of the most accomplished Machinist in this business. He went on to become an owner of his own Machining Business. Not everyone has the ability to do this. We are grateful to have been associated with Jim and his loving family.*

Much Sadness Marion and Dale

“ I’m sad that my childhood friend will be laid to rest but you know what they say, God only takes the best.

Everything happens for a reason, even if I may not agree.

Just promise Jim to shine down on us, and if you can, save a spot for me.

The thought of never seeing you again brings tears to my eyes, And even more so, because all of this was such a surprise.

But we should never question what God has planned, sometimes it's not meant for us to understand.

Fly high with the Angels Jim, until we meet again!

“ I can honestly say there hasn't been a time in my adult life that a story I tell from my adolescence doesn't involve the kid I knew as Jimmy.

Pennies on the railroad tracks, treks to Red Bridge, swims at Leatherboard, dirt biking to the green wall, Lickety Splits, Searstown, Hampton Beach and my wing- man at the after work parties (Whalom).

The comfort of having a good friend may have been taken away, but not the comfort of having had one.

Please accept my sincere condolences.

Sincerely,

Sean R. Roberts
