“ *There are no words that can accurately put my feelings on paper! All I know is you have impacted my life in such a positive way. You had every reason to hate the world and be miserable but you kept such a positive attitude. You showed me unconditional love that a son gets from their dad. You became my Dad and I became your son! The pride in your voice and the smile on your face when you would introduce me as your son really made me feel a sense of fatherly love that I had never felt before! I wish we had more time but I am forever grateful to you! Rest easy Dad! Luv Ya!*
