Jason was a client of mine at Regus. I always looked forward to chatting with him and sharing our collective small town experiences. I truly valued our interactions and always looked forward to seeing him. This is a truly immeasurable loss. I'm so sorry Heather

Jayson, you are a gentleman and a dear friend. Our journey started when we were consulting at Priceline; I witnessed his professionalism and team spirit very quickly.

Soon I learned his wisdom and core value when he chose his then girlfriend for marriage and life partnership. Over the years I have witnessed a bounty in your home and table.

You are loved and remembered by the lives you have shared, enriched, and changed.

I hold many treasured memories of Jason, Heather, and his beautiful family.

You live my friend.

May you rest in love and peace!

“ I worked very closely with Jason at Prolifics. We worked together for the past 3 years on the DTE account and we were a great team. We called ourselves and several of our other colleagues that delivered services on the account, THE HIVE. I was the Queen Bee and we were all making lots of honey and money for the company! Jason was smart, creative, energetic, responsible and had great attention to detail. I loved how thorough he always was on any quotes, statements of work or materials we provided to our customers. I am just heartbroken about his passing and know what a void it has left in my work life and I can't imagine the loss his family and wife are experiencing. I've prayed for him since he was hospitalized and I will continue to pray for him and his family every day. God Bless you and keep you, Jason.
