“ I am Carole's cousin Barbara. I have known Jack for many many years of course. We always had so much fun at the gatherings with all of the family At the house on the hill in Ashby. I remember walking my daughter Sara when she was a baby In Nashua And finding Jack on a telephone pole down the street. He came down the pole to see Sara who was just a baby. I know the family will miss him something terrible and you are all in my prayers. Wish I could be there For you and with you. Much love, Barbara

“ Sad to see this....Jack was a great guy. Very personable. He was really friendly with my father way back in the 70s and always see them chatting downtown or at events on the common. Remember as kids a couple of us were getting sandpaper and spray paint from Apple Meadow Hardware when it had just started in the cellar next to the Bell Telephone building. And we asked what went on inside if they're were operators. Jack said it was all automated now and took us in showing us where our phone relay connection was in this mass of clicking phone relays that filled the building. That'd the sort of nice personable guy he was always. Just a great guy all around. My sympathies go out to his whole family.

R.I.P. Jack 🙏🙏🙏
