“ You are one of a kind. Always looked forward to our trips to Ayer knowing that we were going to have a blast, great food and laughing our heads off. When I was in Nursing school and pretty much alone on the week ends, you were a saving grace with all the shopping trips, rides, bingo and again the laughter. You would tell the best funny stories about things you did or didn't do. You will be missed. With love....

“ Juanita had a great "down home" sense of humor. She was telling me about going into a little shop, and picking up items and asking the person there how much the price was of the item. The person replied that she didn't know how much the item was. Juanita said, "Well how do you expect to sell anything if you don't know how much they are?" The woman looked at her and said, "this is my home!" to which Juanita made a quick apology and exit.

“ Always Smiling, Always laughing, Always singing! When I think of Aunt Nita I think of house dresses, pearl necklaces, high heels. Wearing your dress inside out, two different shoes and leaving your pocketbook on the back of the car and driving around Ayer and not loosing it because you carried everything but the kitchen sink in it to keep it weighted down. Food enough for an army when we came to your house and a x-mas gift for every last family member. You will be missed beyond belief but we know all our family members gone before you were waiting for you. You will always be talked about with a smile and you will be forever missed! We love You!
