“ *Oh Judy how much you will be missed by your loving husband  
Armand and son Rickie as well as by the many people who have  
had the privilege of knowing you over the years. Always putting the  
needs of everyone around you before your own, always grateful for  
any gifts from God that came your way, and always facing the many  
losses and challenges that have confronted you with incredible  
grace and strength of spirit ---you have left us all with a smile in our  
hearts when we think of you. Go now in peace, surrounded by love,  
to your hard earned rest.*

“ *My beautiful Big Sister, your Little Sister will never be the same. Without you by my side. I used to do well with words, but there are no words to adequately express the love I always will have for you. I saw the sun rise this morning, it was bright and beautiful, I thought of you. I will miss the phone calls and the Korny jokes we shared. Sunny One So True I Love You, that is a lyric from a song I knew. So my beloved sister you are in my heart and soul. Whenever I see the sun I will think of you and I will say to myself Judy One So True. I love you. Your Little Sister. Sharon*

“ It is not often that one gets to be an angel twice...such was the case with you Judy...an earth angel and now an angel in heaven. For those of us who were blessed to be loved by you, you taught us what dignity and humbilty was as this is how you lived. Your courage in enduring all the pain, suffering in silence, always asking how the others is a testament of the strong woman you were. You earned your wings xo

. And until we meet again...please be our Guardian Angel

Love Always
