“ I remember the very first time Juliana and I met. At first I noticed the obvious. She was so beautiful! What I came to realize was she was so much more than that. Beautiful, kind, smart, funny, and so incredibly strong. She stood up for herself even when physically she could not. After meeting Juliana I have done my best to never take my well being for granted. We started out as patient and nurse but that soon changed to friends. I will always remember when she shared her home videos with me and when me and her mom sang happy birthday to her as soon as the clock struck midnight! To Juliana's family you are like no other. Truly! Every day and basically 24 hours a day you were by her side. I know they were not always easy days for you but your dedication did not go unnoticed, We may not be certain what happens after we die but one thing is for certain, the ones who loved us will miss us. I miss you Juliana with all my heart ❤️ Honda
