“ I used to work with Katie at Burabnk Hospital in Fitchburg. What I remember the most and what stood out from the very first time I met her was her smile. She always had a smile no matter what. Even at difficult times, she would smile and have faith in God that all would work out. I liked that about her...

You will be missed, Katie.

“ I had the pleasure of working alongside Katie at Burbank Rebilitation Center in Fitchburg. Katie was probably the most honest and kindest person I have ever known. She treated everybody she knew - patients and staff with respect. She also had a great sense of humor and I recall having many laughs with her. A truly great human being we will all miss.

Rest In Peace my friend - will see you on the other side.
