“ *I worked with Kathy at Riverside Medical Group when she ran the Westford office and later when we moved to Lowell. She took the time to get to know the patients. She always greeted everyone with a smile and asked how they were doing. She was very patient and had a great sense of humor. She was a wonderful patient advocate who always made sure that they received the care that they needed.*

Kathy was a very giving person. When I was pregnant with my daughters, she knitted the most beautiful sweaters and booties for them. Then, when my oldest was ready to graduate from the crib, she lent me a "big girl bed." I am blessed to have known her. My heart goes out to you Paul, Jessica, Jacqueline and all the family. Kathy will be missed by all who knew her.

“ Kathy and I worked together over some years at the Lung Specialists of the Merrimack Valley. I was an independent contractor through them and I can tell you, Kathy was a very classy lady. She was always very kind and patient with our patient population. I interpreted for our mutual Spanish-speaking patients and of course the office staff there as well as their doctors, nurses, medical assistants, etc. What I remember most about Kathy is her infectious smile and her constant kindness. Oh yeah, and she would always sport her beautifully-manicured nails and talk very highly of her family! Such a gem she was. Her soul and beautiful spirit will carry on through all of us who were fortunate enough to know and love her. 💜 May you RIP, Kathy. 🙏

“ Having known Kathy for eons, I can say that we shared so many laughs over the years. A few years, too. But those laughs were truly the stuff of life. Kathy, you will be missed by all who knew you.
