“ My Aunt Lorraine was also my godmother. We laugh a lot and I enjoy her painting. When I was a kid . I use to spend time at her home . Once she gave me a permanent and my hair was down to my waist. Oh my my hair was so so curly. family use to get together all the time so when I was going up I knew all my cousins, Aunt, uncle. She never forgot my birthday and sent cards that she drew picture on.
I enjoyed going to the camp and visiting her in the summer. Rest in peace and say hi to all our family. Love you and miss you.
