“ If semi custom kydex holster makers start making holsters for these then I'm sold!!! I can finally mount a light on my carry gun without it being obnoxiously big. I hope JM custom kydex starts adding these to all their holster lines. Maybe even AIWB.

“ You have sped up your metabolism and need to eat more! Due to a mixture of your body trying to achieve homeostasis yes and the muscle you have gained. I had this experience too eating 3000 calories i stopped gaining weight after 2 months jumped it up to 3300 and gained another 5-6 pounds before cutting. Try putting it up to 3050 for 7-10 days and see if you start the weight gain again. Pretty sure mike would reccomend the same thing.

“ My condolences go out to you and your family. When I lost my grandparents I found comfort in the Bible. One of my favorite scriptures to look at is Revelation 21:4 where God promises, "He will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away." You will get to see him again when God brings everyone back to life - John 5:28,29. I hope this brings you comfort.
