“ We just heard about Lena's passing. I worked for Borden in Louisiana and we were good friends. Both my wife and I remained in contact with her via Facebook and emails. Always a positive person and would always put a smile on your face. We will miss her and keep her family in our prayers.

“ Lena and I were friends since first grade at Academy Street School. We rode the school bus to school together most every day through FHS. I got on the bus first and always saved her a seat. Those shared mornings make me smile.
