“ *I met Mark at the Mount while taking an art class in the 80's. What a sense of humor he had! Our group laughed so much!! I shall never forget those one liners.
My thoughts are with his family at this time.*

“ I grew up across the street from Mark and spent many years from sandbox play to shooting hoops in the driveway. Our paths crossed for a few years after high school but one of my favorite recollections was the time we were returning from a Hampton Beach weekend. Gorgeous sunday afternoon in his MGB and while admiring (while driving) the local "beachgoers", he plowed into the car in front of us. We ended up in Anna Jacques hospital emergency room in Newburyport receiving matching 6ish stitches from our heads hitting the windshield. Mark was the kind of friend you never forget.
