“ Nancy is my sister and still have a difficult time thinking that she has gone on to Heaven. We spent many years together traveling with my Father & Mother to many parts of Europe and in the States. Nancy went on her own to California and I joined the Military and there were many years apart, however, the love and relation always was strong. The day will come that we meet again on a new journey with Jesus and I look forward to that day. Nancy, miss you and love you with all my heart. Your Brother, Larry
