“ I have known Nancy since the early 70's. But in the past 15 years, we shared a sweet friendship together. She started listening to my CD (Country Kimberly- The Cowboy And I) and said it was the only thing that brought her spirits up when she was in the hospital years back. She and I started working together on our cat and dog photo contests a few years ago and stayed close friends up until she went home to Jesus. I was blessed to know Nancy !! Forever in our hearts, until we meet again.....
