“ Arlene and Family,
I was just thinking of Bob today. I've been going through old genealogy and found several pages of information that Bob sent to me about the Patch family. I was thinking at the time how nice it would be if I could talk to Bob about genealogy. Bon will be remembered by many of us for the contributions he has made to family history. His efforts for find-a-grave were particularly useful. I am happy that my path crossed with Cousin Bob's.
