“ *So sad to hear of Ron's passing. Many fond memories of Hash runs and TDY trips to San antonio, San Diego, Madrid, Colorado, Rochester, Boston, that yard of beer ; that taxi driver in Belgium that took us the long way from the airport to the meeting site. Pretty sure he was trying to jack up the fare we had to pay. Prayers for family and friends, miss you my friend.*

“ Having worked with Ron for many years, I will always remember him most with coffee in one hand, a donut in the other, a large smile, and excited to get to work. His positive attitude towards work and life was impeccable, never yielding during the roughest of times and always putting others first. He was a great mentor, colleague, and role model. Ron will be very dearly missed.

My condolences to Barb and the Galloni family.

“ Ron was one of the nicest Person I ever met. He was a pleasure to work with and a good Friend. One of my favorite memories is traveling with Him using an old yellow piece of Luggage wrapped in Duct Tape and a large padlock. He will be truly missed and my condolences to Barb, Ann and His entire family.

“ I owe a successful and on-going 30+ year career in image quality assurance testing to Ron. I am forever grateful he hired me on in the NITF Lab at Ft. Huachuca, AZ in January 1995 shortly after my 22-year USAF stint. We had many great times in the lab and “on the road” during his years leading that group. I learned a lot from him then, and over the years since, and will miss our many problem-solving discussions related to the imagery profession we both loved... right up to the time of his passing. I will also never forget Ron (1) trying to explain to me what a “wopped” image was or (2) picking up and trying to eat a piece of Styrofoam “popcorn” off the floor thinking it was some real popcorn that he might have just dropped or (3) totally avoiding the delicious Shoofly Pies that I would bring back from my trips to PA. Good times and great memories, never to be forgotten.

Rest in peace, Ron... until we meet again. And Barb, you and the family are in our thoughts during these trying times. Not ones who favor flowers, Yong and I will be happy to make a donation to Tunnels 2 Towers in Ron's name. Peace be with you all.

“ Ron loved to interact with his great grand kids. I have a fun memory of Ron playing hide the utensils with Aria. I was teaching Aria the game with plastic animals, but because we were over having dinner and didn't have them, Ron came up with hiding the utensils. His fun personality will be missed.
