“ *You were an amazing woman who made everyone's day and always left an amazing impression to whomever you met. You were a true blessing that I miss terribly already. You were a truly loved and appreciated woman and there is now a hole in my heart and world but a blessing in heaven above and I know I will see you again. I love and miss you more than words can express. May god bless your heart and take you into his arms just as you have already done with everyone you know and blessed this world. We love and miss you limitlessly.*
