“ *Sylvia and I have been close friends since second grade at Lura A. White school in Shirley. She was always a wonderful friend ☐ We went to lunch twice in the last few years and it was so wonderful to be with her again. My heart hurts remembering her.*

“ *To Deb and Michael, I am so saddened by your mom's passing. We have been in each other's life since before grade school. Whenever we spoke with each other on the phone, it was like a breath of spring air. Your father introduced me to Eino; the rest is history. She will always remain in my heart as a gift from the Almighty. I know you will always treasure your memories of her, you will feel her love encompassing you. My deepest sympathies to all your families.*
