“ Dear Lanny and Family,
We are so deeply saddened to hear of the passing of Theresa. I know how both of you liked seafood and the last time we got together at SS Lobster in Fitchburg. Here in Florida, there are not that many seafood restaurants. Our thoughts and prayers are with the entire family. God bless you all. Vinnie and Doris Maillet

“ I will miss the fun times that I had with her on vacations in Maine and all the visits at my home. I will miss the messenger posts she sent me with beautiful pictures and quotes, and sometimes we had virtual morning coffee. She was so kind and loved her family very much. She will be in my heart always. ❤️

“ I am going to miss my texting buddy so much. The first thing she would always say was, are there any boats today Eileen. What's the weather like today in Maine.

She was such a caring person, and she loved coming to our home in Maine. She especially loved sitting on our bench on the ocean. How I am going to miss her visits.

Terry also loved her scallops. That used to be one of her favorite foods to eat when she came to visit. Every time she texted me she would asked if I had any lobster or scallops yet. It may sound silly, but I will always remember those things. She was a very loving friend and I will miss her. It is the simple things that stick in your mind. I will miss her in Maine forever.
