“ Wanda, You were always there for me no matter what. I loved that about you. When we worked at the VA together on the night shift we had some really great times, and some not so great times, but with you there anytime was much easier to handle. You had the biggest heart and compassion as a nurse. You were the best. When i was deployed to Kuwait in 2004, you sent me many care packages. Always had a wacky gift in them. You made my day when I received them. You always thought of others before yourself. You my dear friend will be sadly missed. I will never forget you! To Mickey. Thank you for showing my friend what true love could be. She was on top of the World talking about you. You were her true North. Her Rock. You have earned a place in heaven along side her. THANK YOU! To the family of Wanda. I am sorry for the loss of your member. She is truly at rest now. At peace. May you be at peace to knowing you have another guardian angel looking down over you. God Bless!
